AREEBA KHALID

Cyber Security & Digital Forensics Undergraduate | Seeking a 30+ week placement, 2027–28
Khalidareeba197@gmail.com | Bournemouth, UK | github.com/Areeba-cyberz | British citizen

PROFILE

Second-year BSc (Hons) Cyber Security & Digital Forensics student with a 2:1 in first year and 89% in Programming coursework. Building hands-on experience through Kali Linux labs, Python projects and the Cisco CyberOps Associate course. Elected society president and course student representative, confident communicating technical and non-technical ideas to different audiences.

EDUCATION

BSc (Hons) Cyber Security & Digital Forensics, Bournemouth University *2025–2029 (incl. placement year)*

- Year 1: overall 2:1. Programming coursework 89/100. Modules: Computer Fundamentals, Network Essentials, Mathematics for Computing, Introduction to Cybersecurity.
- Year 2 (current): Ethical Hacking, Software Engineering, Security Operations.

TECHNICAL PROJECTS & SKILLS

Vending Machine Program (Python), university coursework *89/100*

- Built a vending machine simulation handling coin insertion, purchases, multiple customers and receipt generation, using functions, loops and input handling.
- Wrote unit tests and a design report documenting the design, implementation and testing.

Enterprise Network Design (Cisco Packet Tracer), university project

- Designed a multi-floor enterprise network topology, producing a project file and topology diagram; identified NAT configuration as a next improvement.

Ethical Hacking Labs (Kali Linux, Metasploitable), university practicals

- Completed guided labs in a virtual environment, working through scanning tasks and security testing tools.

Skills: Python (comfortable), JavaScript (learning), Kali Linux, Cisco Packet Tracer, Figma. Familiar with Nmap and Wireshark concepts; building practical experience. **Languages:** English, Urdu, Punjabi.

EXPERIENCE

ResLife Assistant, Bournemouth University *Sep 2026 – present*

- Support students in university accommodation, responding to resident enquiries and helping build an inclusive community.
- Plan and lead accommodation and community events, and coordinate tasks within a team. Trained in First Aid, bystander intervention and sexual assault awareness.

President, Islamic Society (ISOC), Bournemouth University *2026–2027*

- Elected to lead the committee and coordinate events, including guest speakers and Simply Tajweed classes.
- Design promotional graphics and social media content; completed SUBU committee training.

Course Student Representative, Bournemouth University *2025–2026*

- Gathered coursemates' feedback and communicated concerns to staff in meetings on improving the student experience.

VOLUNTEERING & PROGRAMMES

BUV Cultural Immersion Programme, British University Vietnam *June 2026*

- Two-week programme on Vietnamese cultural heritage and sustainable tourism, followed by a design-thinking hackathon.
- Developed a clickable, multi-screen Cultural Integration Tourism App prototype in Figma Make and presented its key features to judges.

Community Volunteering, Tower Hamlets *Summer 2026*

- Oral History Project (Poplar HARCA): completed interview training and conducted two recorded interviews using professional equipment.
- Summer Fair: supported visitor registration and attendance checks, assisted with paperwork and helped run children's activities.

Cyber Mentorship Programme *2025–26*

- Mentored by a manager at Boo Limited, a cyber consultancy, gaining insight into the industry and career pathways.
